

EHE resource ideas for 5-11 year olds

Each child learns in different ways.

To help parents provide a suitable education, we have included a wide range of resources which could be used to support your child's progress. These can be used to develop learning – enabling each child to apply ongoing knowledge, skills and understanding. There is no requirement to use these resources; they are simply included to help you decide what may be best for your child. Resources include:

- Textbooks
- Exercise books
- Visits and outings
- Interactive IT apps
- Computer research
- Practical equipment
- TV and radio programmes
- Social and wellbeing activities

The list is not comprehensive and not endorsed by Derbyshire County Council – they are there as mere suggestions and ideas, most of which are free. You may find it easier to choose a few and see how they work for your child – and then try others to find the most effective. It is up to you to decide which, if any, to use – remembering internet issues when accessing online links and the importance of e-safety.

£ = indicates purchase of textbooks / online access – please be aware there may also be additional costs to access further resources.

There are additional resources included in the ‘*EHE resource pack for 11-16 year olds*’ which may, in some cases, be more appropriate to your child’s individual ability and aptitude.

Areas of learning for 5-11-year-olds

Even though there is no expectation to complete paperwork, you may wish to refer to the following when planning, recording and evidencing a fully suitable education for your child:

- English
- Maths
- Science
- Design and Technology
- History
- Geography
- Art and Design
- Music
- Physical Education (swimming)
- Computing
- Ancient and Foreign Languages
- Relationship and Health Education
- Religious Education
- Personal, Social and Health Education
- Citizenship
- Modern Foreign Languages
- Sex Education

Please see the '***Suggested grid for planning and/or recording EHE provision***'.
